

COURTS IN COCHISE COUNTY INFORMATION TECHNOLOGY STRATEGIC PLAN 2014-2016 SUMMARY

LOCAL INITIATIVES, DRIVERS, AND PRESSURES

- Enable full e-filing of civil cases online and enable public access to documents.
- Make use of videoconferencing for remote court reporter and interpreter services.
- Provide long-term access to superior court documents via microfilm.
- Implement JOLTSaz juvenile management system.
- Decrease limited jurisdiction court staff workload associated with data entry by implementing red light enforcement, e-citation, and electronic payments via the Web.
- Continue Arizona Memory Project and add to information available to the public; continue sponsorship for Law Day in county schools.

CY 2011/12 ACCOMPLISHMENTS

- Implemented Arizona Disposition Reporting system in superior court.
- Implemented AZTraCs e-citation and disconnected scanning model EDMS in all justice courts.
- Updated alternative dispute resolution website, providing enhanced access to arbitrators and distribution to the public.
- Implemented Justice Web Interface (JWI) for Adult Probation and Court Administration users.
- Used case management system reports to track data entry efficiency.
- Implemented "Ed-Options" online education resource for Juvenile Detention Center.

Statewide Projects: Impacts, Concerns, and Participation Plans

LJ CMS	Looking to reduce staff workload; jury financial functions outside AZTEC; will be mid-cycle to late adopter.
JOLTSaz	Looking for same level of capability as with GJ court implementation of AJACS; need financial integration with AJACS Day One; will be an early adopter.
LJ EDMS e-Filing/Std Forms	All courts in county have EDMS on disconnected scanning model. Encourage statewide approach; some LJ courts want e-citation immediately; will be mid-cycle adopter.
Bench Automation Architecture	No comment; will be late adopter. Not developing apps locally; multiple local products remain in containment or retirement status.

Note 1:

An "X" in "Full" indicates that the court has provided full detailed information about the project according to the general parameters outlined in the Commission on Technology's Project Management Methodology. Also, risk analysis, impact, project costs and funding information has been provided.

Note 2:

An “X” in “Skeletal” indicates that the court provided detail about the local project in the master projects listing spreadsheet. Complete information, usually risks, impact analysis, project costs and funding, was not provided.

Note 3:

An “X” in “Mention” indicates that the court mentioned this project in a summary or listed it in an initiative. It may have been a phrase or a full paragraph of description, but did not contain detailed project-oriented information. If these projects are related to pursuing standards or directions already adopted (e.g., OnBase EDMS implementation, Jury+ upgrade, digital audio in the courtroom), then any mention which includes appropriate funding information is sufficient.
